Shore to Summit Wealth Management Welcomes Christopher K. Hutchinson as Partner and Senior Private Wealth Financial Advisor

Bozeman, MT – July 7, 2025 – Shore to Summit Wealth Management, LLC is proud to announce the addition of Christopher K. Hutchinson as a new Partner and Senior Private Wealth Financial Advisor, based in our new Cranberry Township, Pennsylvania office.

Scott L. Brown, CEO & Founding Partner, and Benjamin D. Spiker, COO & Founding Partner, shared their enthusiasm: "We are both humbled and thrilled to welcome Chris to the Shore to Summit family. His depth of experience, strategic insight, and client-first mindset perfectly align with our practice's values and mission. We believe Chris's presence will greatly enhance the strength of our advisory team."

Chris brings over two decades of financial services experience, beginning his career in Washington, D.C. with A.G. Edwards. After relocating to the Pittsburgh area, he continued with the firm through its transition to Wells Fargo Advisors, where he earned a designation as a Senior Fundamental Choice Portfolio Manager—a distinction given to advisors with demonstrated excellence in portfolio management.

Chris's educational background is as impressive as his professional journey. He earned his undergraduate degree in a multi-disciplinary program from Stanford University where he attended on a full-ride scholarship. He later returned to his home state to earn a law degree from the University of Oregon School of Law, practicing briefly before transitioning to public service roles with the FDA and Capitol Hill, where he served as a legislative assistant to a U.S. Congressman.

Outside of the office, Chris is an avid traveler who, alongside his wife Nancy, has explored more than 30 countries. He also enjoys tennis, reading, and playing the piano.

Shore to Summit Wealth Management is an independent, private client wealth management practice with headquarters in Bozeman, MT and Annapolis, MD, and offices in Florida, Mississippi, and Pennsylvania. With more than $2.15 billion in assets under management as of June 2025, the practice continues to grow rapidly.
